Description

Screening is a process, performed by an organization, to ensure the right match is made between the work to be done and the person who will do it.

Policy

Due to the innate risks involved, screening of all volunteers for the 2010 Ontario Winter Games will include a Police Records Check with Vulnerable Sector Screening.

All aspects of the screening process will be overseen by the 2010 Ontario Winter Games Privacy Officer or designate and will adhere to the 2010 Ontario Winter Games privacy policy.
